MEN IN MIND IN HOPKINSVILLE

People of Prominence in The Pearl City of The Pennyroyal.

BIOGRAPHICAL SKETCH NO. 49.

P. A. Steele, Manager of The Model Laundry & Cleaning Company.

One of the younger business men of the city who has come to Hopkinsville at a comparatively recent date is the manager of the Model Laundry & Cleaning Co., located on the corner of Main and Twelfth streets, in a building constructed especially for its use.

Pliny A. Steele was born in Princeton, Ky., Sept. 21, 1874, a son of John B. Steele, a prominent citizen. When he was nine years old the family moved to Crittenden county and five years later again moved to Mem-

phis, Tenn., where Pliny's boyhood was spent and where he received a liberal education.

As he grew to manhood he secured employment in Atlanta, where he was in a mercantile establishment for two years. A restless spirit seized him and in 1894 he joined the army and served for three years, being stationed most of the time at Ft. Russell, Wyoming. One term of enlistment satisfied him with army life in a time of peace and he returned to Princeton and secured employment with the I. C. Railroad. From a clerk in the superintendent's office at Princeton he worked his way through a series of promotions to the position of conductor on a passenger train in 1907. Soon after wards he quit railroading and went into the steam laundry business in Princeton, where he was in business until he became interested in the plant here two years ago.

He is making a success of the new enterprise that was in need of a capable head when he assumed the management and quickly put it in a

to the courteous and capable personality of Mr. Steele. He is thoroughly up in the work in hand and has proved to be the very man for the place he fills.

Interned Mexican Refugees.

Negotiations are about completed for the release of the 5,000 Mexican soldiers and camp followers who for many months have been interned at Fort Wingate, N. M., and Rosecrans, Cal. Provisional President Carranza has guaranteed the refugees safety, and it is expected in a few days American soil will be rid of these visitors, whose presence has cost something like \$2,500 a day.

Most of the refugees are former federal soldiers who, with camp followers, crossed over in Texas after Gen. Villa's victory at Ojinaga. More than 3,000 of these first were interned at Fort Bliss, Tex.

Present negotiations provide for the release of all camp followers and soldiers below the grade of lieutenant. This will leave for future consideration the cases of more than a dozen generals. The United States also must decide what shall be done with Matino Castillo, the bandit chief who is charged with responsibility for wrecking the Cumbre railroad tunnel with a loss of more than fifty lives, including several Americans.

PEACH TREE PLANTED IN 1860 BEARS FRUIT.

Franklin, Tenn., Aug. 26.—On the farm of Peter Thweatt, several miles from Franklin, is a peach tree that was planted in 1860. This is the twenty-fifth year in succession that it has borne fruit, and its yield is of full size and fine flavor. Inasmuch as the average life of a peach tree is only about ten years, the one at Mr. Thweatt's is truly remarkable, for it is now well past its fiftieth year.

MESSAGE OF LOYALTY

Zapata Will Retire If Good Laws Are Promised.

Mexico City, Aug. 26.—To-day was a red-letter day for the Administration of Provisional President Carranza in that messages promising adherence to the new government poured in from various parts of the republic.

Emiliano Zapata, the rebel leader, has promised to meet a commission and arrange for retiring private to life if assurances are given him that reasonable land laws will be enacted.

Railroad communication in all parts of the republic will be resumed within a week. The Government to-day will issue a decree declaring that all notes now in circulation are legal tender. This action will greatly relieve business, which has been paralyzed owing to the uncertainty con-

VILLA CROSSES BORDER

In Company With Obregon; Visits Fort Bliss.

El Paso, Tex., Aug. 26.—For the first time since the beginning of the Constitutionalist revolution Gen. Alvaro Obregon and Francisco Villa crossed the international line here this afternoon and were received with military honors by Gen. J. J. Pershing, commander of the American troops.

A troop of cavalry with drawn swords formed a guard of honor for the two Constitutionalist commanders as they were driven from the international bridge at quick speed to Fort Bliss, where Gen. Pershing and his staff had prepared a reception for them. A dozen staff officers accompanied the generals.

Obregon and Villa will leave early Thursday morning for Nogales, Sonora, to settle international disputes in that State. They will journey through American territory. The visit to Fort Bliss, as well as

the expedition through the United States to Sonora had been arranged by the Constitutionalist agents here, who are Carranza officials. This together with the joint entertainment of the Carranza men with Villa was taken locally as indicating an accord between the two factions.
